

FIRST SOLID CAR ALACHUA LETTUCE

Was Shipped From Gainesville
via Seaboard Tuesday Night.

FIRST SOLID CAR FROM STATE

So Far as Can be Learned—Shipment
Made Up From Growers of Rocky
Point and Gainesville Sections, and
Was Consigned to New York.

The first solid carload of lettuce to
be shipped from this county, and pos-
sibly the State, for the season, went
forward from Gainesville over the Sea-
board Air Line Wednesday. The con-
signment was by the Armour Car
Lines, and comprised three hundred
and eighty-four baskets of as fine let-
tuce as was ever grown in the State.
The car was consigned to New York,
and was made up from the farms of
the Gainesville and Rocky Point sec-
tions.

The growers state that the crop this
season of lettuce, peas and beans,
while not so large as last year, will be
far superior in quality, and so far have
demonstrated better carrying qual-
ities. The growers are anticipating
good returns from all shipments from
this section.

DON'T NEGLECT A COLD.

Neglected Colds Lead to Consumption.

PE-RU-NA
CURES
COLDS
AND
COUGHS.

How Pretty Miss
Powell Was Re-
stored to Health
by Pe-ru-na.

Miss Lillian Powell, Aurora, Ind., writes:
"Last spring I caught a severe cold from getting my feet wet and being
out in the rain, and in a day I had a most miserable cold, but I neglected it,
thinking it would soon leave me. But it hung to me for two weeks, when
I felt something must be done, as my condition was serious.
"I had heard so much about Peruna and in its praise that I bought a bottle
and began taking it regularly. I was gratified to find that in a week the
cold and cough was broken up, and three weeks' treatment completely re-
stored my usual good health."—Lillian Powell.

How Consumption Develops.

Nine cases of consumption out of ten
occur in this way:

A person catches cold. The cold is not
properly cured, and another cold is
caught.

This cold is diffy-dallied with, either
by no treatment whatever or some treat-
ment that is ineffectual, and the cold
continues.

Then another cold is caught and a
cough develops. Cough syrups are re-
sorted to, but they give only temporary
relief.

By and by the patient gets tired of
taking medicines and cough syrups and
gives up in despair.

The cold continues to develop and the
cough grows worse.

Then the doctor is called in, only to
discover that the patient is in the first
stages of consumption.

It was just in this way that Miss
Powell, of Aurora, Ind., became sick.
She caught a cold, and not considering
it serious, neglected it, thinking as
many others do, that it would "wear off."

However, it clung to her tenaciously,
and in two weeks she found her health
in a serious condition.

Fortunately, Peruna had been brought
to her notice, and she took a course of
this remedy before it was too late.

In a week the cough and cold were
broken, and a three weeks' treatment
completely restored her to health.

This is what Peruna is doing all the
while. Not a day, and probably not an
hour passes in which some one does not
have a similar experience with Peruna.

Cure the Slight Colds and Avoid Consumption.

The first step toward consumption is
a cold. The next step is a failure to cure
it promptly. The third step is the de-
velopment of catarrh, which gradually
becomes chronic. The fourth step, the
catarrh begins to spread from the head
to the throat, then to the bronchial
tubes, and finally into the lungs. It is
then consumption in the first stage.

At any time during the progress of cat-
arrh, from the first onset of the cold to
its final settlement in the lungs, Peruna
can be relied upon to stop the disease.
If you have taken a cold, buy Peruna
without delay. One bottle in the be-
ginning will do more good than a half
dozen bottles after the catarrh has
fastened itself on the lungs.

Thousands of Testimonials.

We have on file thousands of testi-
monials from people who have been
cured of catarrh of the lungs by Peruna.
We can give our readers only a slight
glimpse of the vast array of unsolicited
endorsements we are receiving every
month. No other physician in the world
has received such a volume of enthu-
siastic letters of thanks as Dr. Hartman
for Peruna.
